**CENTRO COMUNITARIO CEUS**, of Union City, and a variety of other groups that advocate for immigrants, held a solidarity walk yesterday with the Road to Justice Caravan, a painted bus that is driving from California to Washington, D.C., to spotlight the campaign for legal residency for immigrants in the Temporary Protected Status (TPS) program, who face deportation due to the dismantling of the program. The groups walked on Bergenline Avenue from 68th to 55th streets in West New York.
